

APLICA Wash

MIXTURE OF SURFACTANTS WITH HIGH DETERGENT POWER

-  Suitable for any surface
-  Cleans effectively
-  Free of aggressive compounds
-  Antiseptic properties
-  Completely biodegradable

DESCRIPTION

Aplica Wash is completely biodegradable with high foaming power. It saponifies grease, suspending it above the surface, so after removing residue and once the floor is dry, you can wipe it with a handkerchief or cotton ball without staining.

APPLICATIONS

Aplica Wash can be used in hospitals, hospitals and other healthcare facilities, public buildings, schools and daycare centers, nursing homes, cleaning companies, vehicle repair shops, machine shops, factories, and in the home. Aplica Wash is used in the automotive sector for routine washing of trucks, coaches, and bodywork, as well as for removing dirt caused by dust and rain. It is highly effective at cleaning floors, mosaics and paving, tableware, stainless steel, rubber, vinyl, linoleum, marble, porcelain, and non-porous walls. The product does not stain ceramic, porcelain, and natural stone surfaces.

PRECAUTIONS AND RECOMMENDATIONS

R38: Irritates skin. R41: Risk of serious eye damage. S24/25: Avoid contact with eyes and skin. S26: In case of contact with eyes, rinse immediately and thoroughly with water. S37/39: Wear suitable gloves and eye/face protection. S45: In case of accident or if you feel unwell, seek medical advice immediately (show the label, if possible). S46: If swallowed, seek medical advice immediately and show the label or container. The product is non-volatile and therefore does not affect the respiratory tract. The product is not a skin irritant when used diluted in water for any of its applications.

Restricted to professional use: "Warning: Avoid exposure. Obtain specific instructions before use." DO NOT SWALLOW. KEEP OUT OF REACH OF CHILDREN. In case of an accident, contact the Toxicological Information Medical Service, tel. 91 562 04 20.

HOW TO USE

The dosage of Aplica Wash depends on its use and the degree of dirt to be removed. It can be used by mopping or sponging, spraying, brushing, with steam cleaners, and with automatic floor cleaning machines, and can also be used with cold and hot water.

APLICA Wash
